

SipmHit::SipmHit

```
graph LR; A[SipmHit::SipmHit] --> B[CmvStrip::GetYLocPos]
```

A diagram showing a call from the SipmHit::SipmHit function to the CmvStrip::GetYLocPos function. The SipmHit::SipmHit box is white with a black border, and the CmvStrip::GetYLocPos box is gray with a black border. A blue arrow points from the SipmHit::SipmHit box to the CmvStrip::GetYLocPos box.

CmvStrip::GetYLocPos
